

THE IMPORTANCE OF CONTROLLING UNHEALTHY INFLAMMATION

When an immune response is unhealthy, symptoms can range from discomfort to damage that the body causes to its own tissues and organs.

It is important that your body has access to nutrients that allow it properly regulate inflammatory reactions.

The process of aging itself is highly associated with unhealthy inflammation and many age related illnesses have inflammatory markers. Taking Infla-Kine is recommended as a part of a holistic approach to any anti-aging protocol.*

ABOUT

Our Mission:

To provide the world's healthcare professionals with the highest quality and most effective nutraceutical supplements available.

DR. NEIL RIORDAN

Founded in 2001, Aidan Products is the result of the vision of Neil Riordan, PhD. Each supplement we provide is the result of extensive research.

Dr. Riordan is a pioneer in the field of adult stem cell therapies for those with degenerative diseases.

Aidan Products manufactures all products using only the highest quality ingredients in a GMP Registered Facility under strict quality control.

INFLAMMATION IS THE BODY'S RESPONSE TO HARMFUL STIMULI

Inflammation is characterized by:

- Pain
- Heat
- Redness
- Swelling
- Loss of function

Healthy Inflammation is a localized, short term reaction to an injury or illness and is the beginning of the healing process.

Unhealthy Inflammation is often characterized by a chemical imbalance and a loss of homeostasis in the body. It is often a result of stress, be it mechanical, emotional, or nutritional.

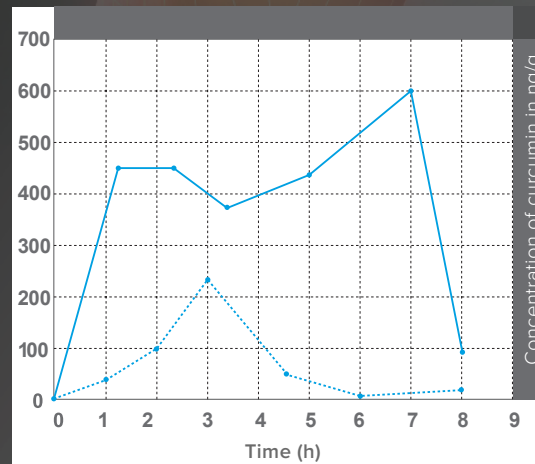

UNHEALTHY INFLAMMATION IS AN OVER REACTION BY THE BODY AND CAN LEAD TO LONG TERM TISSUE AND ORGAN DAMAGE.

THE POWER BEHIND INFLA-KINE

Infla-Kine is an innovative, proprietary supplement blend aimed at maintaining healthy inflammation.* The formulation includes burdock seed (arctigenin) and an enhanced absorption bio-curcumin complex (BCM-95®).

BCM-95® BIO-CURCUMIN

Curcumin/Turmeric is often used to support healthy inflammation, but it is poorly absorbed by the human body.* BCM-95® is formulated specifically to increase bioavailability by 7-10 times over turmeric 95%.

This figure shows the bioavailability of curcumin from blood plasma of the subjects who took BCM-95® versus those who took the curcumin-lecithin-piperine complex at a single dose of 2000 mg.[†]

[†]Antony, B. et al. "A Pilot Cross-Over Study to Evaluate Human Oral Bioavailability of BCM-95®CG (Biocurcuma™), A Novel Bioenhanced Preparation of Curcumin." Indian Journal of Pharmaceutical Sciences 70.4 (2008): 445-449. PMC.

BURDOCK SEED

Arctigenin extract has been historically used in Chinese medicine to promote a healthy inflammatory response and has been shown to inhibit production of nitrous oxide and proinflammatory cytokines.*

ALPHA LIPOIC ACID | BOSWELLIA EXTRACT | LACTOBACILLUS FERMENTUM | PAPAIN | BROMELAIN

These molecules work together to aid in the release of inflammatory regulators and inhibit pro-inflammatory cytokines including TNF- α , IL- β , IL-6, IL-8, and the protein complex NF- κ B.*

Supplement Facts

Serving Size 2 capsules		Servings per Container: 30
	Amount per serving	%DV
Zinc (as zinc oxide)	20 mg	133%
BCM-95® Bio-Curcumin®	500 mg	*
<small>(Turmeric) 25:1 extract (root) [std. to 95% Total Curcuminoids Complex with Essential Oils of Turmeric Rhizome]</small>		
Proprietary blend:	860 mg	*
Alpha Lipoic Acid, Boswellia Extract, Lactobacillus fermentum Extract, Burdock Seed Extract, Papain (Papaya Enzyme) (fruit), Bromelain, Bioperine		

* Daily value not established.

Other Ingredients: Gelatin (capsule), rice flour.
